“ Dan and family-please accept our sincerest sympathies on the loss of Bunny. We think of you two so often and were hoping to see you this coming summer at the festivals in Custer State Park. We shall remember all the fun times we had in Martin and all those fabulous things we mailed to you both from California. All of you will be in our thoughts and give a special shout out to Nancy and her family. All our love and then some.

“ So sorry for your loss.

We remember her as an excellent music booster to her children as well as the students of Bennett County High School. I remember her opening the flower shop and arranging a bouquet of flowers on a Sunday to take to Jane when our son, Ryan was born.

Peace to you all.
