“ *My sympathies to the family. we had a common interest in cars, drag racing and sports. I left Sioux Falls years ago, but when we met again at the 50th High School reunion it was as if I never left. That's how I will remember bucky, always up beat and always a friend.*

*God Bless to all.*

“ *Dear Uncle Buck, I am so sad to see you leave this earth but I know you were tired. You did an amazing job in life despite your health challenges. I want you to know how much I appreciate all you did to love and support me during my life. I couldn't ask for a better Uncle. I am so glad we were able to travel and have so many wonderful memories over the past few years. Looking at your silly photos on your visits makes me laugh out loud. I'm most thankful for our last few days together. I was honored you allowed me to be there to help you and spend some quality time saying our goodbyes and I love you. I know you went to heaven and are entertaining the angels. I will look forward to the day I get to see you again. I love you. Deb*
