“ *My sincere condolences & prayers goes out to Bear's family. He was always the life of the party, when he walked in you knew the party was started, but he was also a very caring guy that you could always talk to & would help anyone.*

I knew him for many years & he never changed in his friendship with people. If he knew you were headed for the hills you would get a call saying, lets get together & catch up.

He will be missed by so many people and for those of us to have known him we were the lucky ones.

My you rest in peace bear, in the knowing you played a special part in many of our lives & you will always be remembered.
