“ My heart is sad and was a big part of my life for a number of years being friends with Sue and Ann as well every time Glenda Johnson Sterling came from Denver we made it a point to get over and see Ann she was always thankful for our visits! we loved hearing all of her stories her little dog played with us. She seemed lonely at times in Glenn and I really feel bad that Sue wasnâ€™t here to share that part of her life with her. She took everything in stride. Iâ€™ve never seen a stronger woman than her. She lost three children and a husband and she still could put a smile on her face every day. She was always optimistic. Always thought of the good over the bad made. She always made an attempt to say hi on Facebook and keep us informed of the going on in Lennox. I will miss her. She was Sueâ€™s mom which in some sort of goofy way made her feel a little bit like her mom too so wouldâ€™ve been happy that we did spend that time with her. Iâ€™ll never regret it. The football stuff was a big deal and she loved the telling her stories at The campground when she was out there , my folks were out there then too so they got to spend a little time with her before they passing . Ann always made everybody feel welcome comfortable and enjoyed visiting. God bless you Annie. Rest in peace will miss you.. . Please Sue and tell her we miss her terribly. Iâ€™ll always love you.!
